Subject: RE: CIRC

Dear Mr. Verbruggen,

Thank you for your email dated 02 June 2014 and for your willingness to send the CIRC information and documents of relevance to its mandate. With regards to your questions, please note below:

- The CIRC aims to obtain an objective picture of the fight against doping by the UCI and other stakeholders involved, by undertaking comprehensive research and impartial analysis of all anti-doping initiatives and activities it discovers.
- The mandate of the CIRC is solely focused on cycling and we have no mandate to examine other sports.
- The word 'wrongdoings' does not figure in the TOR and thus it is not a specific word we take into account during our work. We draw your attention to paragraph 25 of the TOR in this context.
- We can confirm that we have been provided with all your letters to Mr Cookson including the one dated 13 November 2013.

We look forward to meeting with you at your convenience,

Kind regards,

Dick Marty, Ulrich Haas, Peter Nicholson
